Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Ever since its establishment, the company has successfully enhanced the production capacity of Maize Refining from 60 MTS to 750 MTS per day. Your Company has entered its 49th year of operation and is a leading Producer of Starch based Products in India and has a plant at Rawal Industrial Estate, Dada Nagar, Dondaicha, Dist. Dhule. M/s. Universal Starch-Chem Allied Ltd., Has achieved remarkable milestones during the history of the last 30 years since its incorporation in 1973. Our growth has been mostly organic, achieved through investment in marketing, development of existing and new products & technologies, and capital expenditure to improve efficiency and expand capacity.

B) OPPORTUNITIES, THREATS, RISKS, AND CONCERNS:

Opportunity: Today, Starch is considered as one of the most promising natural polymers because of its inherent biodegradability, overwhelming abundance, and annual renewability. Starches offer a very attractive low cost base for new biodegradable polymers due to their low material cost. Development and applications of biodegradable starch based materials have attracted increasing attention since the well recognised issues of oil shortage and the growing interest in easing the environmental burden due to the extensive use of petrochemically - derived polymers. It is intended that the use of biodegradable materials will contribute to sustainability and reduction in the environmental impact associated with the disposal of oil-based polymers. The major raw material for the Indian starch and starch derivative market is maize and maize-derived starch is the most preferred substitute raw materials, like potato and tapioca, recording a high and efficient yield, along with high availability in all the seasons of India. The Indian starch and starch derivatives market is competitive in nature having a large number of domestic and multinational players competing for market share. Modified starches are used for functions such as

thickening, stabilizing, binding, and emulsification. Apart from food products, it is also used in a wide range of non-food applications and the animal feed industry.

Threats: - Approval from the Different Regulatory Bodies, Rise in Cost of Raw Materials and agricultural production, and trade flows are subject to government policies, mandates, and regulations affecting the agricultural industry such as taxes, tariffs, duties, subsidies, incentives, foreign exchange rates and import / export restrictions on agricultural commodities and commodity products which can influence the plantation of certain crops, size of crop production, the volume of imports and exports, the availability / competitiveness of raw materials for agro based industry, thus affecting the industry's profitability.

Risk and concern:- The Company identifies all type of risk at an early stage which helps it to control them better. The risks are normally perceived from Price fluctuation, government policies, market competition, and retention of manpower. Following are the main risks associated with the Starch Industry 1. Risk relating to increased competition in Starch Industry, 2. Risk relating to decrease in demand, 3. Risk relating to scarcity/ quality of raw materials, 4. Geographic presence is required for growth, 5. Change in environment regulations. A few reasons for dampened growth include volatile raw material supply, the competitive need for bio-energy as well as the relationship between oil prices and agricultural raw materials.

C) INTERNAL CONTROL SYSTEM:

The Company has in place adequate internal control systems and procedures commensurate with the size and nature of its business. These systems and procedures provide reasonable assurance of maintenance of proper accounting records, reliability of financial information, protection of resources and safeguarding of assets against unauthorized use. The Company has appointed a firm of Chartered Accountant as Internal Auditors and has an effective internal control system to ensure that all the transactions are properly executed and recorded. The internal auditors conduct audits of various departments based on an annual audit plan. The planning and conduct of internal audits are oriented towards the review of controls in the management of the company's activities. The internal auditors report significant audit observations to the Audit Committee of the Board of Directors. The committee meets at regular intervals during the year to review audit observations and follow-up implementation of corrective actions. The committee also discusses with the company's statutory Auditors to ascertain their views of adequacy of internal control systems in the Company. The Committee submits its observations to the Board of Directors.

D) HUMAN RESOURCE & DEVELOPMENT:

We live and breathe our values through the work we do every day, from investing in the health and safety of our employees, to promoting diversity and respecting human rights. Our values are respecting every one's dignity, acting with integrity, progressing through collaboration and delivering with diligence. Various HR initiatives are

taken to align HR policies to the growing requirements of the business. The Company has strengthened the deployment of high quality employees in key functions, through continuous in-house training and development programmes. The Company firmly believes that in-house human capital development will see organizations through success in today's highly competitive global environment. The company's continuing focus on human resources will help it to create and retain critical skills and scale up to meet the market demand. During the year under review, the industrial relations with the workman at various units of the company were by and large peaceful and cordial.

E) DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE:

Your Company's Total Sales and Other Income for the year amounting to Rs. 45,845 Lacs as compared to Rs. 29,739 Lacs of last year. The profit before tax for the year under review stood at Rs. 1,579 Lacs as compared to profit of Rs. 723 Lacs in 2020-2021.

F) BUSINESS OUTLOOK:

The market is majorly driven by the abundant availability of raw materials from which starch is derived, low production costs incurred by the manufacturers, and the presence of many new players in the market. Also, the market is highly impacted by the export-import factors, which add high value to the revenue. Due to high production and less consumption of starch and starch derivatives in India, exports contribute, to a larger extent, to the growth of the market studied. In addition, the functional properties possessed by starch derivatives have also been instrumental in promoting their use in the pharmaceutical, cosmetic, and bioethanol industries.

G) SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE:

The Company is engaged in developing, manufacturing, and distributing Maize Starch Powder, White Dextrin, Pregelatinized Starch, Modified Starch, Liquid Glucose, Dextrose Syrup, Dextrose Monohydrate, Dextrose Anhydrous, Maize Germ, Maize Glutten, Maize Husk as its bye products in the market.

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Chairman's report Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

MANAGEMENT'S RESPONSIBILITIES FOR THE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought

to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

We have audited the internal financial controls over financial reporting of Universal Starch-Chem Allied Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date. Management's Responsibility for Internal Financial Controls.

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the

internal financial controls system over financial reporting of the Company.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. However efforts for further strengthening the internal control is needed.
